NOKINGS3 Rally March 3, 2026 in Morristown, NJ

[Morristown, NJ] — Saturday, March 28, there will be a rally in Morristown, NJ when New Jersey residents come together, along with millions of Americans across the country, for a day of nonviolent protest at the third No Kings Day of Action. This day is about collective power resisting the dismantling of our democracy through an authoritarian takeover. It is a growing movement with thousands of events nationwide. The NoKings2 rally in Morristown drew over 8,000 people.

This rally is an opportunity for people to gather and build relationships through peaceful, non-violent action to challenge injustice with the message: We don't do kings or dictators in America.

The Morristown area rallies began last year when the second Trump Administration began dismantling our democracy. Grassroots organizers came together with a shared commitment to citizen action and a "change begins with me" attitude. "We have seen the devastating effects that the unconstitutional policies and actions of this administration have had, not just on our fellow Americans throughout the country, but here in our own backyard. We have a moral obligation to stand together and demand a way forward which acknowledges the humanity within every single one of us, and we do that through collective action and community engagement," says Dana Levens, one of the organizers.

Local co-sponsors include NJ 11th for Change and the Morris County Democratic Committee. A full list of national partners can be seen at www.nokings.org/partners.

The NOKINGS3 gathering will take place at Morristown Town Hall, 200 South Street, Morristown, NJ from 11:00 a.m.-12:30 p.m. on Saturday, March 28, 2026. Register at https://www.mobilize.us/mobilize/event/905697/. The diverse group of speakers include civic group leaders, faith leaders, musicians, and young voices – many with personal stories to tell about the devastating impact of the cruel and unjust intrusions into our local neighborhoods.

No Kings events adhere to a commitment to nonviolent protest and community safety. Organizers are trained in de-escalation and are working closely with the Town of Morristown to ensure a peaceful and secure rally.
